

CHAPTER 4: USE REGULATIONS

4.01 Purpose and Organization

4.01.1 Purpose. **Table 4.02-1, Table of Allowable Uses** below lists the uses allowed within all zoning districts.

All uses are defined in **Chapter 9, Definitions**. Approval of a use listed in this article, and compliance with the applicable use-specific standards for that use, authorizes that use only. Development or use of a property for any other use not specifically allowed in this article and approved under the appropriate process is prohibited.

4.01.2 Organization. The uses permitted in each of the zoning districts established in the Use Table are defined as follows:

- A. Standards Column. The "Standards" column provides a reference to associated standards for certain uses Permitted by Right and for Conditional Uses. Where a blank space is in the column, there is no associated standard. Where "Y" is in the column, there are associated standards.

Table 4.01-1 Use Table Legend		
Symbol	Meaning	Description
P	Permitted by Right	A " P " in a zoning district column indicates that a use is permitted by right, provided that it meets the supplementary use standards referenced in the far right "Standards" column of the use table, if applicable. These uses are subject to all other applicable regulations of this Land Use Code.
C	Conditional Use	A " C " in a zoning district column indicates that a use requires conditional use review and approval by the Planning Commission and Town Board (see Chapter ***).
A¹	Accessory Use	An " A " in a zoning district column indicates that a use is permitted by right as an accessory use, provided that it meets any necessary supplementary accessory use standards.
T²	Temporary Use	A " T " in a zoning district column indicates that a use requires temporary use review and approval by the Planning Commission ³ (see Chapter ***). Temporary uses must also follow any necessary supplemental temporary use standards.
	Use not Permitted	A "blank cell" in a zoning district column indicates that a use is not permitted as a primary use or conditional use in the zoning district.
Use Not Listed	See Section B., <i>Unlisted Uses</i> , below	

Note: The Use Table only establishes the principal uses allowed in each zoning district. See also Accessory and Temporary Use regulations in Chapter 4.

- B. Unlisted Uses. If a proposed use is not specifically listed in the **Use Table**, the Planning Director shall determine whether the use is permitted or not permitted. This determination shall be based upon the

³ Should this be the PC or TB?

similarity in nature and character to one or more uses that are listed in the Use Table. In making this determination, the Planning Director may refer to the following factors as guidance:

1. Criteria for Use Determination.
 - a. Whether the use has similar visual, traffic, environmental, parking, employment, and other impacts as an expressly listed use. The Planning Director may refer to empirical studies or generally accepted planning or engineering sources in making this determination. The burden is on the applicant to establish that the use is similar to the expressly listed use; or
 - b. Whether the use is within the same industry classification as another permitted use. In making this determination, the Planning Director may refer to the most recent edition of the North American Industry Classification Manual (Executive Office of the President, Office of Management and Budget, 2017)(“NAICS”). If the use is not defined in the NAICS, the Administrator may refer to the American Planning Association, Land-Based Classification Standards LBCS Tables (April 1, 2001).
2. If Not Authorized Then Prohibited. If the Planning Director determines that a proposed use does not fit within a given use type and is not functionally the same as a permitted, accessory, conditional, or temporary use, then the use is a prohibited use.

4.03 Use Specific Standards⁵

4.03.1 Adult Entertainment Establishments⁶.

- A. Operation. It shall be unlawful to operate or cause to be operated a sexually oriented business in violation of any of the following restrictions:
1. Zoning district. Sexually oriented businesses are only allowed in the Industrial District if approved as a conditional use.
 2. Distance restriction. It is unlawful to operate or cause to be operated a sexually oriented business within seven hundred fifty (750) feet, measured in a straight line, without regard to intervening structures, objects or Town limits, from the closest exterior wall of the structure in which the sexually oriented business is located to the property line of any of the following:
 - a. A religious land use;
 - b. A use approved for residential purposes;
 - c. A school or licensed child care facility; or
 - d. A park, recreational center, or community center.
 3. Single building restriction. No sexually oriented business shall be operated in the same building, structure or portion thereof as any other sexually oriented business.
 4. Discontinued operations. A sexually oriented business lawfully operating is not rendered a nonconforming use by the subsequent location of any use outlined in Paragraph (1) above; however, if the sexually oriented business ceases operation for a period of sixty (60) days or more regardless of any intent to resume operation, it may not recommence operation in that location. (Ord. 4-2005 §1; Ord. 11-2007 §1)
- B. Definitions. The following definitions shall apply to this Article.
1. *Adult bookstore, adult novelty store or adult video store* means a commercial establishment which devotes a significant or substantial portion of its stock-in-trade, advertising, floor space, shelf space or storage space to, or receives a significant or substantial portion of its revenues from, any one (1) or more of the following:
 - a. The sale, rental or viewing (for any form of consideration) of books, magazines, periodicals or other printed matter, or photographs, films, motion pictures, video cassettes, slides or other visual representations which are characterized by an emphasis upon the depiction, description, display or exhibition of specified sexual activities or specified anatomical areas;or

⁵ Some Use Specific Standards may change within the next few months as changes in the use table are revised by the staff, stakeholders and the public.

⁶ Carried forward existing regulations. We will review and flesh these uses in the ensuing weeks.

- b. The sale or rental of instruments, devices or paraphernalia which are designed for use in connection with, or marketed primarily for engaging in, specified sexual activities, excluding condoms and other medically recognized birth control devices and disease-prevention products.
2. *Child care facility* means any facility, by whatever name known, licensed by the State and maintained for compensation, for the whole or any part of a day, for the care of five (5) or more children under the age of sixteen (16) years who are not related to the owner, operator or manager thereof.
3. *Community center* means a building or other structure which is Town-owned or used by the Town that provides services to the community and is open to the general public.
4. *Park* means a park, reservation, playground, recreation area, bikeway, trail, greenbelt or other area in the Town owned or used by the Town or landowner's association and devoted to use as a park, reservation, playground, recreation area, bikeway, trail, greenbelt for members of that association and devoted to active or passive recreation, including developed and undeveloped land.

- B. All Zones.
 - 1. All permitted repair work, vehicle washing, lubrication, and installation of parts and accessories shall be performed within an enclosed structure.
 - 2. Any Workshop shall be located five hundred (500) feet from any residential use or district.
 - 3. All dismantled vehicles, parts, and repair supplies shall be stored within an enclosed building or totally screened from view by a solid fence or wall. All vehicles awaiting repair or service shall be stored on-site in approved parking spaces and not on a public right-of-way.
- C. C-1 and C-2 Zones.
 - 1. No Workshop shall exceed two thousand (2,000) square feet in building area.
 - 2. Any Workshop exceeding two thousand (2,000) square feet shall require a Conditional Use Permit.

4.03.55 Wireless Telecommunications Facility.

- A. [Permitted Zoning District. Wireless telecommunications facilities shall be permitted only pursuant to Table 4.02-1.](#)
- B. [Use Permitted by Conditional Review. It is unlawful for any person to install or operate such a wireless telecommunications facility unless a use by conditional review has first been approved by the Board of Trustees. The approval of such use by conditional review does not relieve the operator from otherwise complying with all applicable regulatory requirements of the Town, state and federal governments.](#)

C. Height and Setback Requirements. In all zoning districts where wireless telecommunications facilities are allowed as uses by conditional review, the following apply:

1. Roof- or building-mounted commercial mobile radio service facilities may protrude no more than five (5) feet above the parapet line of the building or structure, nor more than two-and-one-half (2½) feet outside of the building wall unless sufficient screening methods are demonstrated and accepted as part of the approval;
2. Roof- or building-mounted whip antennas of no more than three (3) inches in diameter, in groupings of five (5) or less, may extend up to twelve (12) feet above the parapet wall; and
3. Applicable zoning setback requirements must be met. At a minimum, all freestanding facilities shall be set back at least three hundred (300) feet from all residentially zoned properties or residential structures on properties otherwise zoned.

D. Accessory Building Requirements.

1. Accessory buildings located on the ground shall be no larger than four hundred (400) square feet and must be constructed of durable, low-maintenance materials, architecturally compatible and integrated with existing buildings and structures. Sites with greater than one hundred (100) cubic feet of cabinet area, visible from a public right-of-way or residentially zoned or used area, must enclose the equipment in accessory buildings.
2. Accessory buildings and facilities are to be screened, to the extent possible, from public streets and sidewalks, either by screening, landscaping, location or other techniques deemed sufficient..

E. Building- or Roof-mounted Requirements. Building- or roof-mounted facilities are to be screened from public view, either by screening, location or other techniques deemed sufficient.

F. Freestanding Wireless Telecommunications Facilities Requirements. All freestanding wireless telecommunications facilities shall be designed and constructed in such a manner that they are:

1. Capable of serving, through original construction, expansion or replacement, a minimum of two (2) users.
2. Constructed as a monopole, which tapers toward the top of the pole to the degree allowed by structural requirements, unless some other decorative type of structure is proposed and approved.
3. Of a neutral color, including fencing, buildings and cabinets, or to match existing buildings.
4. Hold only lighting required by the Federal Aviation Administration, and no signage.
5. No higher than fifty (50) feet from the ground, with an additional twenty (20) feet per co-locating user permitted, up to seventy (70) feet. Exceptions may be granted upon request by the applicant.
6. Constructed in accordance with a certified engineer's specifications and in compliance with all applicable Building Code provisions.

G. Conditional Mitigation Measures Co-location.

1. The Town encourages co-location of wireless telecommunications facilities to minimize the number of sites.
2. No wireless telecommunications facility owner or operator shall unfairly exclude a competitor from using the same facility or location. Unfair exclusion of use by a competitor may result in the revocation of the use by conditional review or site development plan. .

B-H. Abandonment. At the request of the Town, the operator must furnish a statement to the Town indicating the operational status of the facility. If the use has been discontinued, the date on which the facility was last used shall also be provided. Commercial mobile radio service facilities not used for a continuous period of six (6) months shall be disassembled within twelve (12) months of the last use.

4.04 Accessory Uses and Structures

4.04.1 Purpose. This section authorizes the establishment of accessory uses and buildings that are incidental and customarily subordinate to principal uses. An accessory use is “incidental and customarily subordinate” to a principal use if it complies with the standards established in this section. All principal uses allowed in a zoning district shall be deemed to include those accessory uses, buildings, and activities typically associated with the use, unless specifically prohibited in this section.

4.04.2 Approval Procedure.

- A. Any of the accessory uses identified in this section may be allowed as accessory to an authorized principal use provided that:
 1. The proposed accessory use is allowed as a principal or accessory use in the base district where proposed; and
 2. The proposed accessory use or building is consistent with the general and specific standards for accessory uses in this subsection.
- B. Simultaneously with a Principal Use. Accessory uses or buildings may be reviewed as part of review of an associated principal use. In cases where the principal use is subject to a Conditional Use Permit, an accessory use may only be authorized in accordance with an approved Conditional Use Permit.
- C. Subsequent to a Principal Use.
 1. Unless exempted, a building permit shall be required in cases where an accessory use or building is proposed subsequent to a principal use.
 2. In cases where the principal use is subject to a Conditional Use Permit, an accessory use may only be authorized in accordance with the provisions in **Chapter 2, Conditional Use Permits**.

4.04.3 Interpretation of Unidentified Accessory Uses. The Planning Director shall evaluate applications for accessory uses that are not identified in this section on a case-by-case basis, based on the following standards:

- A. The definition of "accessory use" in **Chapter 9, Definitions**, and the general accessory use standards and limitations established in Chapter 4.04;
- B. The purpose and intent of the base districts in which the accessory use is located;
- C. Potential adverse effects the accessory use or building may have on other lots, compared with other accessory uses permitted in the district; and
- D. The compatibility of the accessory use with other principal and accessory uses permitted in the district.

4.04.4 General Standards for all Accessory Uses. All accessory uses and buildings shall be subject to the general standards in this section, as well as any applicable supplemental standards in Chapter 4.04.5 and all standards applicable to the associated principal use as set forth in **Chapter 4 Use Standards**.

- A. Size. All accessory uses shall:
 - 1. Be clearly subordinate in area, extent, and purpose to the principal use or structure; and
 - 2. Not violate the bulk, density, parking, landscaping, or open space standards of this Land Use Code when taken together with the principal use or structure.
 - 3. The floor area of any detached accessory building shall not exceed 50 percent of the floor area of the principal structure. The total combined floor area of all buildings shall not exceed the maximum lot coverage for the zoning district in which it is located. The Planning Director may authorize a building to exceed this percentage if the building is used as a guest house, or is used for animal production or crop production associated with an agricultural use.
- B. Function. All accessory uses shall directly serve the principal use or building, and be accessory and clearly incidental to the principal use or building.
- C. Timing. Accessory uses shall not be constructed or established prior to the start of construction of the principal use or building. An accessory building shall not be used until the construction of the primary building is complete.
- D. Height. Accessory buildings shall be limited to a maximum height of 24 feet unless exempted from the height requirements in this Code.
- E. Location.
 - 1. Accessory uses or buildings shall be located on the same lot as the principal use or building.
 - 2. Accessory buildings shall not be located within platted or recorded easements.
 - 3. The Planning Director may authorize an accessory building on a vacant lot if the structure is used for animal production or crop production associated with an agricultural use, or used in conjunction with a park or community garden.
- F. Design Compatibility.
 - 1. Except where exempted, all accessory buildings shall be designed to be aesthetically compatible with the principal building. Compatibility shall be measured in terms of building materials, building

orientation, building placement, and building mass. Non-enclosed stables, gazebos, greenhouses, and carports ten feet or less in height with a roofed area of 300 square feet or less are exempted from this compatibility requirement.

2. Applicants for accessory buildings not exempted in accordance with this subsection who request exceptions from the design compatibility requirements shall demonstrate screening methods or design features that will be used to minimize any potential adverse effects on neighboring properties.

G. Ownership. Accessory uses or buildings shall be owned or operated by the same person as the principal use or buildings.

4.04.5 Supplemental Accessory Use Standards.

A. Accessory Dwelling Unit.

1. A Detached Accessory Dwelling Unit shall only be located in the rear of a lot.
2. A Detached Accessory Dwelling Unit must comply with the required setbacks by the zoning district in which the unit is located. If the accessory dwelling unit is part of the primary dwelling (attached), it must comply with principal building setbacks for the zoning district in which the unit is located.
3. An Accessory Dwelling Unit must comply with the zoning district's height requirements. An Accessory Dwelling Unit must not exceed the height of the primary dwelling.
4. An Accessory Dwelling Unit must not exceed one thousand (1,000) gross square feet in area.
5. An Accessory Dwelling Unit must connect utilities to those of the primary dwelling.
6. An Accessory Dwelling Unit must maintain the architectural design, style, appearance, and character of the primary dwelling.
7. The property owner must occupy the principal dwelling as the owner's permanent residence. For purposes of these regulations, "property owner" means the title holder and/ or contract purchaser of the lot, and "owner occupancy" means that a property owner makes their permanent residence at the site.

B. Drive-Thru Facility. A Drive Through Facility may be permitted as an accessory use subject to the following standards.

1. Setbacks. All Drive-Thru Facilities are set back five feet (5 ft) from any property line.
2. Stacking.
 - a. All Drive-Thru Facilities accommodate the required stacking standards.
 - b. A drive-thru/ATM lane is provided on site.
 - c. The drive-thru/ATM lane is at least ten (10) feet wide.
 - d. The drive-thru/ATM lane provides at least three (3) vehicle stacking spaces before the drive-thru window/ATM.
 - e. Vehicle stacking spaces shall be ten (10) feet wide by twenty (20) feet long.

C. Office.

1. An accessory office shall be allowed for an approved use.
2. The office shall not occupy more than twenty five percent (25%) of the gross floor area of the approved use.
3. If the approved primary use is not located in a structure, the office structure shall not occupy more than five percent (5%) of the property area on which the primary use is located or five thousand (5,000) square feet, whichever is less.

D. Outdoor Storage.

1. Outdoor storage areas shall be screened according to **Chapter 5, Development Standards**.
2. All outdoor storage areas shall be completely fenced and screened from public view.
3. Screening shall be at least six feet (6') tall, but no more than ten feet (10') tall unless where specifically stated otherwise.
4. One side of the outdoor storage may be left unenclosed, provided that the materials stored in the area shall not be visible from a public roadway or an abutting property.
5. Cyclone or chainlink fencing (with or without slats) shall not be deemed a screening material.
6. Materials shall not be stored within the required setbacks.
7. Stored items shall not block sidewalks or parking areas and may not impede vehicular or pedestrian traffic.
8. Outdoor storage for commercial or industrial uses shall be limited to those items owned or used by the business.
9. Outdoor storage for a multi-family development, recreational vehicle park, or manufactured home park, shall be only for recreational vehicles or personal recreation items of the tenants.

4.05 Temporary Uses and Structures

4.05.1 Purpose. This section allows for the establishment of certain temporary uses of limited duration and special events, provided that such uses comply with the standards in this subsection and are discontinued upon the expiration of a set time period. Temporary uses and special events shall not involve the construction or alteration of any permanent building.

4.05.2 Approval Procedure. Any use listed in this section may be permitted as a temporary use provided:

- A. Where indicated in Table 4.02-1 Use Table; and
- B. The proposed temporary use is consistent with the general and specific standards for temporary uses and structures in this section.

4.05.3 General Standards for all Temporary Uses. All temporary uses or structures shall meet the following general requirements, unless otherwise specified in this Land Use Code:

- A. The temporary use or structure shall not be detrimental to property or improvements in the surrounding area, or to the public health, safety, or general welfare.

- B. The temporary use shall comply with all applicable general and specific regulations of this Chapter 4.05, unless otherwise expressly stated.
- C. Permanent alterations to the site are prohibited.
- D. All temporary signs associated with the temporary use or structure shall be properly permitted and removed when the activity ends or permit expires, whichever occurs first.
- E. The temporary use or structure shall not violate any applicable conditions of approval that apply to a principal use on the site.
- F. The temporary use regulations of this section do not exempt the applicant or operator from any other required permits, such as health or building permits.
- G. If the property is undeveloped, it shall contain sufficient land area to allow the temporary use or structure to occur, as well as any parking and traffic circulation as required that may be associated with the temporary use, without disturbing sensitive or protected resources, including required buffers, 100-year floodplains, river protection setbacks, and required landscaping. At the conclusion of the temporary use or at expiration of the permit, whichever occurs first, all disturbed areas of the site shall be restored or improved to the condition that existed prior to the use.
- H. If the property is developed, the temporary use shall be located in an area that is not actively used by an existing approved principal use, and that would support the proposed temporary use without encroaching or creating a negative impact on existing buffers, open space, landscaping, traffic movements, pedestrian circulation, or parking space availability.
- I. Tents and other temporary structures shall be located so as not to interfere with the normal operations of any permanent use located on the property, shall be anchored, and meet the requirements of the Building Official or Fire Marshal, including fire rating.
- J. Off-street parking shall be adequate to accommodate the proposed temporary use.

4.05.4 Supplemental Temporary Use Standards.

- A. Open-Air Farmers' Market.
 - 1. An open-air farmers' market shall have no more than 25 vendors on-site at any one time.
 - 2. An open-air farmers' market is limited to a 5 acre site maximum.
 - ~~2-3.~~ An open-air farmers' market shall meet any conditions and requirements prescribed by the Town's special events permitting process.
